of industry and the commodities of transportation. They were a small group in themselves but the generous hosts of the Supreme Hotel were kind enough to give them a table.

A lot of reason was well as a flow of soul. After the Pika menu had been duly honored O. W. Kennedy President of the Coka Producers' Association, took the floor and said:

"I am a Communist. My C's paid a glow, a tribute to the host, whom I have known as a socialist in Dunbar and whom he has been true to comradeship. I am a Communist in my conviction. I seized on the opportunity to preach the coka men a timely sermon on the ultimatum of coka prices. Stand just was his vigorous reply."

Mr. Fogg was the first speaker. Responding to that uninvited and untimely topic, the future, he said:

"I have seen Pittsburg, am it our future? I have seen it in the hands of a hundred Mr. Fogg."

Charles, down to his own head state of mind, said:

Increase in Borough Valuations Is But Little More Than Last Y

Only a slight increase is noticed in the borough valuations for the year 1906. It is felt that George Brinson has built the hotel in compliance with the collecting tax. So far he has managed to get in about \$3,000 on the new hotel. The assessments by wards are as follows:

| | |
|---------------------|-------------|
| First Ward | \$1,727.08 |
| Second Ward | 7,717.00 |
| Third Ward | 11,118.00 |
| Fourth Ward | 11,118.00 |
| Total | \$50,759.50 |
| Assessment for 1905 | 11,714.95 |

There was \$1,121.51 the increase in the valuations were in the neighborhood of about \$2,000.

In Social Circles.

Enjoyable Meeting.
The regular monthly meeting of the Ladies Aid and Missionary Society of the United Presbyterian church was held last evening in the church on North Pittsburg street. The meeting was an open one and all honorary members were present. Over 50 persons were present and the meeting was one of extraordinary interest. The meeting opened with devotion exercises conducted by Miss Elmer Huston. After the calling of the roll, Mrs. K. L. Long, president of the society, read her monthly report. The program for the evening was then taken up. Mrs. M. E. Fink read a paper on India. Miss H. V. Kellor read a paper on What Not to Enthusiasm in India. Mrs. F. K. Kellor then read a very interesting history of the society. The Woman's Aid and Missionary Society was organized four years ago and since that time the membership has rapidly increased. During its four years it has been successful in all its work. Mrs. J. J. Huston, a delegate to the Silver Anniversary Centennial of the Woman's General Missionary Society held from May 11 to May 18 in the Sixth street United Presbyterian church, Pittsburg, gave a most interesting account of the convention. Last year over \$75,000 was raised by the women of the churches. Five new members were received last evening.

At the conclusion of the business session a most enjoyable social hour was held and refreshments were served. The meeting as a whole was one of great benefit and was greatly enjoyed by all present. The next meeting will be held on the first Thursday afternoon of July.

Strawberry Social.
The strawberry social held last evening in the First Presbyterian church under the auspices of the Ladies Aid Society was a grand success. The hours were from 5:30 until 8 o'clock and during that time the ladies were kept busy in looking after the immense crowds. The proceeds will be used for the benefit of the Society.

Entertaining Missionary Society.
The Women's Foreign and Home Missionary Society of the Methodist Episcopal church was entertained yesterday afternoon by Mrs. C. A. Port at her home on East Green street. The attendance was unusually large and the meeting was pronounced "a success" by all present. Mrs. E. Dunn presided over the business session of the Home Society while Mrs. W. R. Clasper presided over the business session of the Foreign Society. After both societies had transacted their regular business the Foreign society had charge of the meeting.

Our Missions. was the subject for discussion. Instructive papers were read by Mrs. George McElroy and Mrs. W. R. Clasper. The first annual box opening of the Home Society took place and quite a neat little sum was realized. Refreshments were served at the close of the program. The next meeting will be held on the first Thursday afternoon of July at the home of Mrs. W. H. Thomas on Main street, New Haven.

Delightful Meeting.
One of the largest and most delightful meetings held in the Christian church for some time was the regular monthly meeting of the C. W. B. M. Auxiliary held yesterday afternoon between the hours of 2:30 and 5 o'clock. The attendance was exceptionally large and the guests of the Auxiliary numbered about 25. Miss Ella Hyatt was leader of the program. Owing to the absence of Mrs. John Robinson, president of the auxiliary, Mrs. George Porter vice president presided. Mrs. Charles Giese and Mrs. George Blackstone read instructive papers on "Missions in Africa." A feature of the program was a fifteen minute talk on "Women of Japan" by Rev. W. D. Cunningham, who is recently returned from Japan where he and his wife have been engaged in missionary work for the past several years. Mrs. Ross Lytle rendered a vocal solo in a very pleasing manner. The program was followed by an informal reception given in honor of Rev. and Mrs. Cunningham. Mrs. Henry Kurtz, the hostess, was assisted by Miss Margaret Norton, Mrs. C. D. Percy, Mrs. W. B. Vidor and Mrs. J. L. Kurtz. Refreshments were served about 4:30 o'clock.

Medico Social Club.
The Young Medico Social Club was royally entertained last evening by Dr. and Mrs. E. B. Edie at their home on Main street, New Haven. The meeting was the regular monthly one of the club and all members were present with the exception of two. Their absence was caused by sickness. No business was transacted. The feature of the evening was an instructive paper read by the host, Dr. Edie, for his subject "The Relation of the Physician to the Pharmacist." The subject was ably discussed by Dr. Edie and the physicians present derived much benefit from his talk. At the conclusion of Dr. Edie's talk a delectable luncheon was served. Dr. H. G. Hoffman was a guest of the club. The next meeting will be held on the first Thursday evening of July. The place for holding the meeting has not yet been decided upon.

Quiet Wedding Solemnized.
A very pretty but quiet home wedding was that of Miss Ethel May Williams daughter of Mrs. Mary C. Williams of Highland avenue and George W. Gordon of Scottsdale, who was solemnized last evening at 8 o'clock at the home of the bride, No. 815 Highland avenue. Rev. A. T. Anne pastor of the Trinity Episcopal church officiated. The bride and groom were unattended and only the members of the two families witnessed the ceremony. The bride is a widely known young lady of town and for the past three years was stenographer for the West Penn Railways Company. The groom has charge of the Prudential insurance office at Scottsdale. Mr. and Mrs. Gordon went to Scottsdale last evening and will be at home to their friends on No. 614 Market street at ten o'clock.

Wedding Invitations Out.
Mr. and Mrs. John Lee of Smock, Pa. have issued invitations for the marriage of their daughter, Miss Ethel and (Carl G. Millhollan of Monacaen. The wedding will take place Wednesday morning, June 10 at 11 o'clock at the home of the bride, Mr. Millhollan is a nephew of Mrs. W. W. Kern of Madison avenue.

Invitations to Confirmation.
Mr. and Mrs. J. Kinsbury have issued invitations for the Bar Mitzvah of their son, Leon M. Kinsbury on Sunday morning, June 14 at 11 o'clock at their home on Cottage avenue. Rev. A. M. Aschinsky of Pittsburg and Rev. S. Pless of Morgan town will officiate.

"LEANS" CHALLENGE "FATS" TO BALL GAME.

Modestly Dare Them to Play Benefit Game on June 12

In view of the fact that the Leans champions of Fayette county administered such a terrible drubbing to the Fats last season it may seem to them that we are rather crowding the mothers in flaunting this challenge in their big round good natured faces. We do not offer it in the spirit of bravado for while we are positive that they could not beat us in a thousand years, we are equally informed that they after a years' slumber still think they have a chance (everything favoring them) to win a game from us—that have been whispering this to each other. They have met in secluded places and held in delectable (to each other) that they could make us look like putty blowers if we should ever cross bats with them. Rather than to break in upon these clandestine mutual encouragement parties but reports of these meetings are annoying to champions of our club.

If these (timorous fat men decide to) engage in combat with us we'll treat them kindly. We'll beat them, of course but we'll go it in our most forbearing manner. We'll even allow them to carry umbrellas to protect them from the sun's hot rays. We have a dual object in this challenge, these fat fellows fight here in hot weather. We wish to show them conclusively that they are not in any sense our equals on the diamond. The other condition and reason is that we wish the proceeds of the game to go to the Connellsville baseball team. If Friday, June 12 proves to be a fair date to them men abounding in fat they're on. We herewith publish a list of our players and subs not to stirle terror to hearts but as a matter of fairness to them.

STAND UNITED

AND STAND PAT!

"Stand pat; the skies are clearing!"

This was the sentiment of all the speakers at the gathering of the Conneltsville Coke Producers' Association. It was sensible and timely advice. While there was in it a distinct note of optimism, it was also replete with common sense, and its wisdom will not be called into question. In fact, it has never been seriously disputed and we feel safe in saying that most if not all of the operators have been quite willing to stand as pat as pat can be, if their bank accounts and their financial obligations permit.

"In unity there is strength" was another trumpet note sounded at the Summit. It is not a new note, and it is one which the operators have been quite willing to stand as pat as pat can be, if their bank accounts and their financial obligations permit.

The range of the prices of Conneltsville coke during the past ten years has been most remarkable when it is considered that Conneltsville coke is limited in volume. It has sold as low as 85 cents per ton and as high as \$15. The latter was a fancy price, to be sure; but as much as \$5 and \$6 per ton has been freely paid. The consensus of opinion in both coke and iron trade circles has been that Conneltsville coke should never sell below \$2 per ton, and that when it does sell for a less price the operators are actually giving their property away.

Combinations in restraint of trade are unwise and unlawful, but there has never been a coke combination in restraint of trade. Such combinations as have existed have been for self-preservation only. The trade has always been able to stand the price of coke and to profit thereby.

The criminal waste of the by-products of coking mentioned by one speaker, is a subject which has received scant attention on the part of coke operators, but which must soon command their serious consideration. While Conneltsville coke was comparatively cheap these side issues remained unheeded; but since the price of coal has risen to \$2.00 and \$2.50 per acre, it becomes a matter of necessity to make the acreage yield all it can. The proposition is yet in its infancy, but the erection of some by-product ovens and the general adoption of labor-saving machinery at the modern coke plants has led the way to the proposition presented to the Conneltsville operators. It is time for them to try earnestly to solve the problem.

Post-prandial discourse is apt to be more amusing and entertaining than

wise and profitable, but the questions raised last night, and the earnestness with which they were discussed, indicate that the operators are alive to the enlarged future possibilities of their business and are disposed to soberly and thoughtfully consider how those possibilities may best be attained.

Well directed energy, undimmed perseverance and loyal unity will accomplish them in spite of all obstacles. The motto of the Coke Producers' Association should be, "Stand United and Stand Pat!"

A dam is not necessarily a closed stream although it closes the stream. The signboard tells the tale. Fishermen should heed it well if they would avoid trouble.

Bare hands are required in court, but bare feet are sometimes a matter of necessity rather than requirement.

Berlin wants to remain on the B. & O. map.

When the Government is demonstrating what excellent results may be obtained from poor coal it stands the Conneltsville operators in hand to remember that they have the best fuel properties in the world and they are worse than foolish to waste it or to give it away.

The strange tales of fiction pale into insignificance before some of the tragedies of real life.

Army night.

Cheaper steel bars ordinarily means cheaper coke, but Conneltsville coke is plenty cheap enough now.

Who cantaloupe is one of the inner mysteries.

Baseball is getting as hot as a base burner in winter time.

In the good old summer time, when the days get longer, there is a determined disposition to make the hours of labor shorter.

Conneltsville is becoming a fresh air as well as a business center.

Pearly is getting ready for another dash for the North Pole. This weather makes the prospect of an ice-fringed atmosphere rather inviting.

Coarse abuse never moulded public opinion. On the contrary, it invariably manufactures public sympathy.

POLITICS AND POLITICIANS.

Some of the most interesting political contests of the year involving the Governorship in two States and also two seats in the United States Senate, will be brought to a close this week by the State primaries in Georgia, Iowa and Oregon.

If Governor John A. Johnson fails to land the Presidential nomination at Denver his friends will use every effort to have him accept a renomination for the Governorship. The Minnesota convention will not be held until late next fall.

The announcement of Senator Platt's intention to retire at the end of his present term has already brought forth numerous aspirants for his toga. Among these who are receiving mention as his successor are Ex-Governor Black, Ex-Lieutenant Governor Woodruff, Representative Pansett and E. H. Butler of Buffalo. Secretary Root and Secretary Cortright are also spoken of, but very guardedly.

One of the most conspicuous characters at the Democratic National Convention at Denver next month will be Congressman M. R. Denver of the Sixth Ohio District, who will be one of the delegates-at-large from the Buckeye State. Congressman Denver is the only son of the late General James W. Denver, whose honor the city of Denver, Colo., was named. After going through the Civil War, General Denver held several important government posts in the West, and in 1887 was appointed Governor of the then extensive and turbulent territory of Kansas. It was while in that office that the city which bears his name was founded.

It is said that John A. Aylward of Madison, who was the Democratic candidate for Governor of Wisconsin two years ago, may try for the nomination again.

Don S. Dickinson, who succeeds the late Governor Sparks as Governor of Nevada, is 54 years old and the youngest Governor Nevada has ever had. Summer W. Haynes, Prohibitionist candidate for Governor of Indiana, was a quarter of a century ago a candidate for Attorney General on the Prohibition ticket.

WEATHER FORECAST.

For Western Pennsylvania.—Fair and warmer Friday and Saturday; fresh west winds.

June Business.

How much of your June buying do you intend to do at this store? As much as the store deserves? That's all we ask. If we can sell you better goods, give you better service and have you some money then we deserve your business and we do not ask it on any other grounds. During this month of June we are going to make extra effort towards a larger June business. Have the goods here at prices to deserve this increased business and we ask you to come and investigate.

New Gingham.

A new lot of plaids and checks in an imported gingham to sell at 25 cents the yard. Especially plenty of the large brown and blue plaids. Patterns that have been scarce all season.

Women's Tan Hose at 25c

Assorted tan shades. Plain lace stockings. The very best 25 cent stockings we ever had to sell. Because of the quality of the stockings we have here this ought to be the place where you bought your stockings. Try it once.

Long Silk Gloves.

These we have to show you this week come in assorted browns, black and white. Pure silk and double-tipped fingers. Priced at \$1.75 the pair. No trouble to buy silk gloves at prices above and below this, but you will not get as good a glove at a less price and you'll get no better no matter how much more you pay.

Vudor Shades.

Stock getting down to where some prices are getting scarce. You are almost wasting your money buying the cheap porch shades. They are good for one season only, while a Vudor shade is with any kind of care almost indestructible. Take a look around at some of our neighbors' porches. Compare a Vudor shade that's been in use for four or five seasons with a cheap shade that's been in use for a single season. You'll see then why we sell so many Vudor shades.

Nemo Corsets.

For the stout woman who wants comfort there's no other corset that is made that is as comfortable as the Nemo. Especially designed to give comfort. Two styles that we call particular attention to, 312 and 314. Only difference is that 312 is for long waists and 314 for the short waist, both priced at \$3.00.

Our Bargain Tables.

Back in the cloak room we've two tables filled with bargains. Keep them filled all the time. For this week we've some more of those skirts and gowns at \$1.00. Goods that would regularly sell for more money than this. Take a look at them. You'll be surprised at the values you'll find on these tables.

Ribbon Values.

Some special values in 25 cent ribbon to show this week. Plain wide taffeta ribbon. All pure silk. All the wanted shades and a better ribbon than you have been accustomed to buy for anything like this price.

BRYAN DENIES TALE.

Agrees to Return Any Ryan Money Contributed to Nebraska Campaign.

SUPPORT OF PARKER GENUINE

Represents the Published Insinuation That It Was Secured by Cash Contribution From New York Millionaire to Nebraska Campaign Fund.

Lincoln, Neb., June 5.—In a statement to the Associated Press today William J. Bryan replied to an article appearing a week ago in a New York newspaper, charging that Mr. Bryan was the beneficiary of a campaign contribution made by Thomas F. Ryan. Mr. Bryan says:

"If Mr. Ryan contributed to the Nebraska campaign it was not with my knowledge or consent. While I had but a remote personal interest in the Nebraska campaign that year, I am interested in Nebraska politics and am also interested in national politics, and I am not willing to be, in the slightest degree, obligated to any far-reaching connection. If the newspaper in question will secure from either Mr. Sheehan or Mr. Ryan a statement or prove in any other way that Mr. Ryan gave to Mr. Sheehan, to anyone else or to the national committee any sum whatever, with the understanding that the sum would be used in the Nebraska campaign, I shall see that the amount is returned to Mr. Ryan."

"As to the charge that my support of Judge Parker was purchased, I need only say that I announced my support of Judge Parker immediately after the St. Louis convention and that support was open and unqualified from the convention until the polls closed. I had opposed his nomination, but he had no more loyal supporter during the campaign. I was in correspondence with him, and both on his stump and with my pen rendered all the assistance I could. While the paper that prints these charges was selling its columns to the Republican committee to be used in caricaturing Judge Parker, my paper was urging his election."

WHEN QUESTION OF AREAWAYS BROACHEN.

(Continued from First Page.)

the paper is not properly signed and is not legal. He added a resolution that all parties be notified to remove their poles, regardless of who they may be. At the close of the meeting things got muddled up again, and while Mr. Wallace's resolution was up on a motion, a motion that the papers be filed was made. Then a wrangle took place, Girard contending that the papers were his property, and President Huston contending to turn them over to him, contending that any paper coming to the desk was borough property. Finally a vote resulted in the papers being turned in as borough papers.

Mr. Wallace on motion directed the Borough Clerk to notify J. D. Still, wagon of the Water Company that he had no right to go over the ordinance books, and that it was an indecent place of business, in view of the fact that the borough now has a suit pending against the water company.

Dr. W. G. Seney filed a vehement protest against the West Penn Electric Company for having a guide wire attached near his porch, which he says has frequently shocked his family and is dangerous. He has appealed to the company to remove the wire, but he said they only laughed at him and it was no laughing matter. He informed the Council that unless the company was compelled to remove the wire he would do it without privilege. The Street Committee was directed to look into the matter.

F. C. Conway, holding a borough note for \$270 for the construction of a sewer several years ago, notified the Council that unless they decided to pay the note he would bring action against the town today. The Borough Solicitor was directed to communicate with Mr. Conway and endeavor to make a settlement pending such time as the borough would have funds to pay the note.

J. C. Munson and R. C. Boerboer filed a decided protest against the condition of the North Side. He said no attention was paid to it, and at present there was a stretch of road at him Mount creek 600 feet long that was in a deplorable condition. The township supervisors were fixing their half of the stretch and the petitioners asked that the Council fix that portion within the borough. "We want more than asked," said Mr. Munson, "here is plenty of limestone to be had." The matter was referred to the Street Committee.

Joseph Tippman complained of the insufficient lighting service on the South Side. He invited the Council out on some dark night to see what the people of his territory had to put up with, and said if the Council would not allow any more darkness he hoped they would remove one already there to a place over an annoying mud puddle. The request was referred to the Light and Water Committee.

T. E. Edmonds said: "I am from Francis avenue. I come to complain of that avenue, the worst street in the whole town. Why, it is impossible to bury our dead off that street; they

have to be carried to Eighth street, to be placed in a hearse. It is coming the time of the year when coal and winter supplies will soon have to be laid in, and the street in the rear of the buildings is so bad that we cannot get a wagon in there. We have no front entrance and no rear entrance. The electric wires are so tangled up in the trees that it is even made more dangerous by reason of the possibility of being shocked in that manner. It is a street that has been patched and patched and never anything really useful done to it." All the Councilmen agreed that the street was the most disagreeable and troublesome in the whole town. Macadamizing it was talked about, temporary repairs and paving it. Other residents of the street were present and protested against any temporary measures. After much discussion it was decided that the Borough Engineer should go over the street and report upon the probable cost of macadamizing it, similar to work done on the State roads, and also report on the cost of paving it.

William Herzberg filed a vigorous protest against people congregating in front of his store on Main street. He said they leaned up against his windows on Sunday and when he told them to be careful and not break a window they laughed at him. They spat all over his sidewalk and nearly gave him nervous prostration. His appeal was lost sight of for action.

Borough Solicitor Goldsmith reported that Council had agreed to pay the bill of Attorney Leslie A. Howard as presented at a former meeting for a settlement of the East Alley dispute. It amounted to about \$70. He also reported that former District Attorney Hudson had requested the payment of costs in two suits against the borough, one for \$61.55 and the other for \$39.92. These cases were the prosecutions brought against the borough for maintaining a common nuisance, and the common nuisance maintained was the frightful condition of Francis avenue.

Councilman McCormick rubbed Girard's fire the wrong way when he charged him as chairman of the Street Committee with spending \$400 per month on the streets and still they were the filthiest in the history of the town. Girard hotly replied that it was McCormick's dirt and his hauling that caused the streets to be dirty. The battle of words was rapid and seemed to shock the minister president. He said, "Let us remember that we are members of this Council and all are gentlemen. Let us all try to get along peaceably and we will feel better when we leave." This ended the Girard-McCormick dialogue.

The Shigo Iron & Steel Company was exempted from taxes for the years 1906-7.

Joseph Kinsbury presented a petition for the paving of Cottage avenue, but owing to its construction being improperly made it was referred back to him.

Mr. Wallace called attention to the difficulties arising on Race street owing to the pipes of the water company being too near the surface. He said that he desired to have the work stopped at once, if there was to be any excuse for the taxpayers along the street to delay the payment of their assessments into the borough fund and it was necessary to pay the contractor. The Street Committee was empowered to purchase such pipe as was necessary on the street, but no action was taken to stop the work.

President Huston was empowered by Council to appoint two trustees representing Council on the Board of Library Trustees, and appointed J. F. Kooser for the two year term and R. P. Wallace for the three year term. All members were present at the meeting.

A Cheering Message to "June Victims of Dan Cupid."

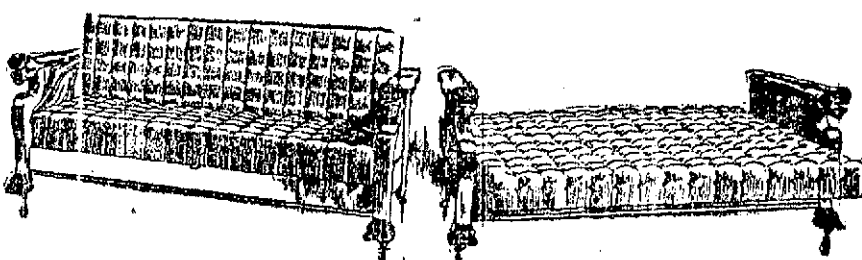

JUNE BRIDES AND GROOMS will be glad to hear that we are selling furniture and household goods for less money this year than in any previous season of our career. The goods are as fine and high class as ever and your credit is just as fine and high class as ever; but we are taking less profit because the people at large have less money to spend. It is because we recognize this fact that we do our part toward making everything as easy as possible for our customers.

WE ADMIT THAT WE HAVE a somewhat selfish motive in doing this, for what we are after is friends—good, reliable, satisfied friends—and the best way to gain them is to show our own friendship in a practical manner. So, if you are planning on a home of your own, whether it be but one room, or a small flat, a cottage or a mansion, come and let us figure it out with you. We have done it with hundreds of other couples, and we have yet to hear a complaint on any score whatsoever.

Labor Troubles Were Few in Mines and Modern Machinery Has Been Installed—Active Production Did Not Start Until 1870.

Statistics of the production of coal in the United States are being prepared by Mr. Parker for publication by the Survey as an advance chapter from Mineral Resources of the United States, Calendar Year 1907. This chapter will go to the printer early in the summer and be ready for distribution soon thereafter.

And some of this coke which has been sold at low prices no doubt will average up fairly well for such operations on account of the higher prices received on their contracts so that the general average of their business is nothing like what has been published recently as being the current coke price. In this connection I desire to share an experience of my own during the depression of 1901-4, of a sale made by a company in which I was interested at that time and in the quality of the

out of three in Connellsville and other towns should use Miona stomach tablets. Nothing else is as safe yet effectively nothing else can be so thoroughly relied upon to relieve all troubles from indigestion as Miona.

So reliable is Miona that A. A. Clarke with every 50 cent box he sells gives a guarantee to refund the money unless the remedy cures.

Diles We are so certain that itching, bleeding, protruding Piles can always be relieved and absolutely cured by this ointment that we positively guarantee satisfaction or money refunded.
